The cabin air filter in your 2003 Acura TL filters the air that is blown from your heater or air conditioner into the cabin of your TL. You need to change it at least once a year or every 20,000 miles. Replacing the cabin air filter (also know as the dust filter, hvac filter, pollen filter, air conditioner filter and hepa filter) will improve the air quality of your TL, will put less strain on your heating and air conditioning system and can increase your gas mileage.
