## **An Introduction to Non-Classical Logic - Cambridge Core**

Priest does a wonderful job in explaining a surprisingly wide spectrum of non-classical logics, with a crystal-clear style, from both the mathematical and the philosophical point of views. For those who are only used to classical logic, this book is simply illuminating.

### **An Introduction to Non-Classical Logic : Graham Priest ...**

'The first edition of Graham Priest's Introduction to Non-Classical Logic turned out to be an extremely useful and well-written introductory guide to the vast and difficult to survey area of non-classical and philosophical logic. The substantially expanded second edition in two volumes is bound to become a standard reference.'
