Black Swan Green by David Mitchell | Audiobook | Audible.com

Black Swan Green is perhaps Mitchell's most autobiographic, and it certainly feels like the most grounded of his novels. Beware of the seeming simplicity - this book is neither ordinary nor typical. Rather than produce another quaint coming of age tale, Mitchell delivers a subtle and masterful rendering of an age that is nearly impossible to capture.

Observer review: Black Swan Green by David Mitchell ...

Black Swan Green was the third tale of Mitchell's that I've read (Cloud Atlas was the first; a character or two from that tale make a brief cameo in this book, in what felt like a slightly self-indulgent move by Mitchell, although it also was a bit clever as a meta-motif of the "everything-is-interconnected" lessons from that novel).
