Boarder Terrier Manual Guide

The Border Terrier is a fairly young terrier breed. It was bred for fox hunting but has also been used to hunt a variety of other creatures such as rodents, otters and badger. Consequently this terrier, though quite mild-mannered, should not be

trusted with other small pets, particularly rodents.

Border Terrier Dog Breed Information

The Border Terrier is a small but nicely proportioned dog. However, he has longer legs than other terriers his size. Their head is often described as otter-like, making them easy to distinguish from other small terriers. Border Terrier tails are moderate in length, straight, thick at the base and tapered toward the tip.

Border Terrier weight and feeding recommendations ...

Border Terrier Basics. Cute and scruffy, the Border Terrier has made its way from the fields and farms into the hearts of dog lovers everywhere. This energetic breed is easy going, making it a great family pet. The smallest of the long-legged terriers, the Border Terrier is calm and friendly around the house but is also curious, independent and loves to dig.

The Good Dog Guide to Health Testing — Border Terrier

Often recognized for looking like a grumpy Yorkshireman, the Border Terrier is a small dog with strong instincts, intense loyalty, and a cheeky personality. These

loveable dogs come with a large amount of terrier energy, and are highly intelligent. Border terriers make excellent family pets, as they are extremely playful and easily trained too.

The Border Terrier: A Complete and Comprehensive Owners ...

Knowing your border terriers weight is essential in assessing how much your dog needs. For example, Ralphy was weighed in at just under 9.2kg and was slightly underweight due to his over activeness. So knowing that, I was able to try and push Ralphy's weight up a couple of pounds, to the 9.5/6kg mark.

Bing: Boarder Terrier Manual Guide

Use positive reinforcement. Border Terriers are loving, affectionate dogs who are eager to please. Positive reinforcement in the form of praise and treats is a much more effective training tool than punishment, which can break their spirits (and actually make the training process more challenging).
