Safety / Traffic | Caltrans

> Avoid going near a construction zone whenever possible. Heavy machinery and debris can be hazardous. > Stop, look and listen for construction vehicles like bulldozers and dump trucks. Dust can impede your vision. > See and be seen. Cross only at intersections and make eye contact with drivers of construction vehicles.

OSHA 3252-05N 2005

A safety manual is a collection of information, instructions, policies, and procedures intended to ensure the safe operation of a device and safe conduct in the workplace. A good safety manual is fundamental to good safety management, as it is what employees will consult to ensure they are complying with regulations and company policy.
