Craftsman color palettes can be defined by their adherence to the traditional values of the style. Earthy browns, muted greens, and cool blues provide the basic subset of the classic craftsman color palette. These colors are generally applied to the three areas of a craftsman home needing color: the walls, the trim, and the accent.

### **Bing: Craftsman Style Design Guides**

Typically built from stone, brick, and real wood, craftsman style houses are most well-known for their low-pitched overhanging roofs and column-heavy front porches. Other architectural elements like exposed wood beams, dormers, and a front porch gable are all distinct elements unique to craftsman style houses. These homes, which are also commonly referred to as bungalows, are all about the

details.

### **Guide: 5 Keys to Unlock Craftsman Design for your Stairs ...**

The Craftsman house displays the honesty and simplicity of a truly American house. Its main features are a low-pitched, gabled roof (often hipped) with a wide overhang and exposed roof rafters. Its porches are either full or partial width, with tapered columns or pedestals that extend to the ground level. A combination of natural materials are used, such as wood and stone, and often a combination of more than one type.
