4 Ways to Develop Creativity in Students | Edutopia

Creative education is when students are able to use imagination and critical thinking to create new and meaningful forms of ideas where they can take risks, be independent and flexible. Instead of being taught to reiterate what was learned, students learn to develop their ability to find various solutions to a problem. Coming up with various out-of-the box solutions is known as divergent thinking and there is no one way of cultivating this skill - largely due to the newness of the concept and th
