Battery Chargers & Maintainers - Harbor Freight Tools

- Never allow battery acid to drip on charger when reading specific gravity or filling battery.
- Never set a battery on top of the charger.
- Never place charger directly above battery being charged. The gases from the battery will corrode and damage the charger.
- Never use charger for charging dry-cell batteries that are commonly used with home appliances.

Bing: Die Hard Battery Charger Instruction

Step 1: Connect the charger to the battery. As we pointed out before, the dial allows you to know the charge of the voltage of your battery. So we must start by connecting the charger to the latter. But before, take care to check the level of electrolyte in the battery. Complete if necessary, then clean the battery.

DieHard Battery Charger Instructions | It Still Runs

started maintain mode. In this mode, the charger keeps the battery fully charged by delivering a small current when necessary. If the charger has to provide its maximum maintain current for a continuous 12 hour period, it will go into abort mode (see Aborted. Charge section). This is usually caused by a.
