The Role of Financial Institutions and Markets - PHDEssay.com

Financial Institutions are firms that provide access to the financial markets, both to savers, who wish to purchase financial instruments directly, and to borrowers, who want to issue them (Cecchetti/ Schoenholtz 2010). In fact, financial institutions - also referred to as financial intermediaries - are like most other businesses: the primary ...

Financial Markets, Institutions and Instruments

Synopsis. Financial Markets facilitate transfer of resources from savers and investors to the users of funds; they provide a

forum for trading financial assets, discovery of prices, risk sharing and risk management, and mechanisms for transfer of ownership, control and governance. Thus, financial markets and the instruments traded therein play a vital role in meeting the fundamental economic objectives of mobilizing funds, allocating them efficiently, and monitoring their use.
