designed to protect consumers online by having transparency and consent on what data is collected and how it's used.

GDPR for Small Business: A Beginner's Guide

GDPR - Staff Training. Whilst staff training has always been an important element of Data Protection compliance, the introduction of the General Data Protection Regulation (GDPR) in May 2018, will make it even more important. Companies will be required to evidence their compliance with GDPR (there is currently no such obligation), and the recording and monitoring of staff training will be a vital aspect of evidencing this.

GDPR is a vital aspect of a business' operation, so it's something you should keep at the forefront of your mind each day. If you're an already established business, there are things you will have changed or implemented into your business to ensure full compliance with GDPR, and these are worth checking.

GDPR for business professionals | Questionmark

A "Controller" under GDPR is the organisation or business which determines the purposes of the processing of personal data where a "processor" carries out the processing of the personal data on behalf of the "Controller".

GDPR and data protection: what do businesses need to know ...

Yes. The GDPR applies wherever you are processing 'personal data'. This means if you can identify an individual either directly or indirectly, the GDPR will apply - even if they are acting in a professional capacity. So, for example, if you have the name and number of a business contact on file, or their email address identifies them (eg initials.lastname@company.com), the GDPR will apply.

GDPR Checklist - DMA

Understanding your organisation's obligations, and what the General Data Protection Regulation (GDPR) means for you on a day-to-day basis, is essential for business owners and key staff. Managing personal data better makes good business sense too. You'll build trust with your customer base and create a valuable resource that can provide your business with important insights.

GDPR - Staff Training - Data Law - Law Plain and Simple

The new General Data Protection Regulation (GDPR) determines how your business does business from May 2018. There are big changes on the way. Your business will need to manage, administer and protect personal data whether you work in B2B or B2C marketing.
