Format: Paperback Verified Purchase. Google Guice is both the name of agile code, and an agile book. Just as agile development emphasizes light-weight processes and elevates YAGNI to a chant, Vanbrabant's style is quick, to the point, and covers all the important bits first and foremost, only giving enough about non-essentials to alert you to them. Already in my Spring-dominated office I have had a manager and another developer, both conservative in their technologies, pick up the book, read ...
