Holacracy® is a radical new way of working. It completely replaces the conventional management hierarchy with a tested, customizable self-management practice that increases transparency, accountability, and organizational agility. Through a transparent rule set and a tested meeting process, the Holacracy practice empowers people throughout an organization to make meaningful decisions and drive change.

Holacracy - Wikipedia

Narrated by the author. Holacracy is a revolutionary management system that redefines management and turns everyone into a leader. Holacracy distributes authority and decision-making throughout an organization, and defines people not by hierarchy and titles, but by roles. Holacracy creates organizations that are fast, agile, and that succeed by pursuing their purpose, not following a dated and artificial plan.

Holacracy: The New Management System for a Rapidly ...

“Holacracy includes the following elements: • a constitution, which sets out the “rules of the game” and redistributes authority • a new way to structure an organization and define people’s roles and spheres of authority within it • a unique decision-making process for updating those roles and authorities • a meeting process for keeping teams in sync and getting work done together”

Holacracy Quotes by Brian J. Robertson

Holacracy represents one of the alternative ways of organization and creating new organizational structure which would largely help companies to run their business more effectively.

Holacracy Book - The New Management System That Redefines ...

Holacracy is one such meta-structure — an end-to-end management system that gives each team a way to design its own structure, over time, based on whatever team members sense could be improved. Using Jaques' language, we could say that those team members sense a gap between the extant structure (what is), and the requisite structure (what could be).

Holacracy & Self-Organization | About | Zappos Insights

Holacracy is like an operating system for your organization. It is a predefined set of rules and processes, checks and balances, and guidelines that an organization can use to help them become self-managed and self-organized by giving every employee (instead of just management) the power to innovate, make changes, and have a voice.
