The International Lower Secondary Science (ILSS)  
series is specially written to provide lower secondary  
science students with a solid foundation for learning  
science at a higher level. This series is based on the  
UK National Curriculum and uses an inquiry,  
constructivist and interactive approach to help  
students acquire scientific concepts, skills and  
processes.

Currently there are texts available for grades 1-6.  
Singapore follows a pretty hardline science-only  
approach with little reference to origins or any  
specific ideology. The program is fast-paced and filled  
with information, and students used to the more  
casual pace of American science textbooks will likely  
find it difficult to keep up.
