Culture and Individual Judgment and Decision Making

In medical crises, some choices are extremely hard emotionally, even heartbreaking, but clearly necessary. Covid-19 confronts us with a different kind of decision—the tragic choice, in which every available option is unacceptable. The classic examples of such situations involve choosing who gets a ventilator when too few are available and ...

Despite the many formal methods available most decisions are made intuitively?that is, without apparent reasoning and almost instinctively. This revised and updated edition emphasizes the unstructured and natural way people make judgements and exercise choice, which accounts for almost all real decision-making activity, but argues that intuition can be both studied and educated.

Bing: Judgments Choices And Decisions Wiley

The study of judgment and decision making entails three interrelated forms of research: (1) normative analysis, identifying the best courses of action, given decision makers' values; (2) descriptive studies, examining actual behavior in terms comparable to the normative analyses; and (3) prescriptive interventions, helping individuals to make better choices, bridging the gap between the normative ideal and the descriptive reality. The research is grounded in analytical foundations shared by ...
