## „Methoden umweltsoziologischer Forschung“

The program's algorithm "Mental Map Editor" (MME) is a combination of free recall and standard approximations. The software's purpose is to develop a survey for mental maps (focusing on the most important aspects according to Lynch, 1960)

## Download Free Mental Map Methoden In Der Quartiersforschung

and to collect and process incoming data. The MME survey is divided in two parts.

### **Mental mapping - Wikipedia**

Geographers like to learn about the mental maps of individuals and how they order the space around them. This can be investigated by asking for directions to a landmark or other location, by asking someone to draw a sketch map of an area or describe that area, or by asking a person to name as many places (i.e. states) as possible in a short period of time.
