Before that came the attack-from-within on our U.S. Postal delivery system through radical operational changes that disrupted first-class mail. We can thank Trump-appointed Republican benefactor and USPS chief Louis DeJoy for that deflated football. What a coincidence that DeJoy messed with the mail just as mail ballots most popular with ...

Despite hibernating with little food or movement for five to seven months a year, grizzly bears (*Ursus arctos horribilis*) show little muscle atrophy. Research has linked this absence of atrophy to changes in gene expression, with potential applications for developing atrophy treatment for humans.

The next day, I didn't have work and Larry didn't neither, so we had a lie in. We got a big window in our bedroom that faces east or west, whichever side the sun gets up on. I can never remember stuff like that. But it's great, when it comes through the curtains and falls on us, all warm 'cause we got red curtains.
