War Art & Ritual Shields from the Pacific | Oceanic Art ...

When a continental and an oceanic plate collide, the oceanic plate slides underneath the continental plate, which leads to the formation of volcanoes due to the rocks in the oceanic plate turning to magma as they are sucked deeper into the earth. This happens due to the fact that oceanic plates are denser than continental plates.

V25 Issue 1 Archives | Oceanic Art Society

Oceanic art or Oceanian art comprises the creative works made by the native people of the Pacific Islands and Australia, including areas as far apart as Hawaii and Easter Island. Specifically it comprises the works of the two groups of people who settled the area, though during two different periods. They would in time however, come to interact and together reach even more remote islands.
