### Science | AAAS

Primary Science (PS) is the journal for primary members of the ASE and is published five times a year. Primary Science aims to share information and ideas that support effective practice in science education focused at the primary school level through transition to early secondary education.

### Journals | Science | AAAS

The Journal of Emergent Science (JES) is an 'open access' biannual e-journal designed to bridge the gap between research and practice. It complements the ASE's professional journal, Primary Science, and is supported by the Primary Science Teaching Trust (PSTT). JES focuses on research and the implications of research for practice and provision of science (including health, technology and engineering) for young children from birth to 11 years of age.

### Database of Scientific Journals - Open Access Journals

Science Journals are multidimensional Open Access gateways for the exploration of scientific discoveries and new research in the medical and other sciences. These journals are periodical publications intended to communicate with the scientific community to further the progress of mankind.

### Science

Majority scholarly journals are science journals as they follow systematic way of writing, away from the subjective

references and bias. Since Sciences can be defined as systematic body of knowledge that remains neutral universally and can be proved with evidences in the laboratories. They withstand the test of the time and accept challenges.
