### **Scania launches new V8 engines and a new gearbox | Truck News**

Scania-Vabis' first complete bus model was the transversally rear-engined commuter bus Metropol (C50), which was built in the workshop in Södertälje on licence from the Mack C50 in 1953-1954 for customer Stockholms Spårvägar. It was followed in 1955 by the slightly shorter city bus version Capitol (C70/C75/C76), which was manufactured until 1964.

### **Engines | Scania North America**

Scania oil filters have high dirt absorption capacity, reduce wear and tear on the engine and minimise the risk of breakdowns, reducing maintenance costs and downtime. Scania Coolant Scania coolant contains a special, high performance corrosion additive which gives much better life and stability at high temperatures than conventional coolants.

### **ENGINES | Scania North America**

This is the Scania VIN decoder. Every Scania car has a unique identifier code called a VIN. This number contains vital information about the car, such as its manufacturer, year of production, the plant it was produced in, type of engine, model and more.
