35 Best Science Fiction Books Ever (2020) - A Must Read!

The appeal of most science fiction novels is the futuristic escape from reality. 2020: If ever there were a time we were looking for an excuse to get out, this would be it. In Ready Player One , we jumped time to the year 2045— which actually wasn't in much better shape, but we still had a ton of fun.

The SF Site: The Best in Science Fiction and Fantasy

The best science fiction stories are not "ABOUT" science fiction. Any story that is about science fiction would be incredibly boring and no one would be likely to vote for it to be on the list. The Road, like most good novels (I don't personally find it to be great, just somewhat good), is about people.
