## Fostering the Creative Economy (SSIR)

The creative economy encompasses careers in photography, graphic design, fashion design, filmmaking, architecture, publishing, video games and more. If you think those careers are just for the lucky few, then you're mistaken.

## (PDF) THE CREATIVE ECONOMY - ResearchGate

The term 'creative industries' began to be used about twenty years ago to describe a range of activities, some of which are amongst the oldest in history and some of which only came into existence with the advent of digital technology. Many of these activities had strong cultural roots and the term 'cultural industries' was already in use to describe theatre, dance, music, film, the visual arts and the heritage sector, although this term was itself controversial as many artists felt ...
