The spiral of silence theory is a political science and mass communication theory proposed by the German political scientist Elisabeth Noelle-Neumann. It states that a social group or society might isolate or exclude members due to the members' opinions. This stipulates that individuals have a fear of isolation. This fear of isolation consequently leads to remaining silent instead of voicing opinions.

Swirl Theory - modalchoice.com

Theory and Practice of Swirl Atomizers shows that the droplet sizes in swirl atomizers depend only on the specific energy of the liquid drops and on viscosity. The book is intended for the design engineer, as well as the theoretical scientist. Rating: (not yet rated) 0 with reviews - Be the first.
