### Hyundai Forums

The timing chain does indeed need replaced, but not until around 100k miles depending on the type of driving the car got. I think hyundai recommends changing it at 80 or 100k miles. I would at least take it to be inspected. The pulleys and tensioners wear out over time, and will eventually let the chain develop slack.

### 2004 Elantra timing belt /waterpump pix | Hyundai Forum ...

### Hyundai Elantra Timing Belt Or Chain ? (1995 - 2017 ...

Hyundai. You should replace the timing belt on your Hyundai about every 60,000 miles. If you have a long commute or travel often in extreme weather, you may also have to replace its water pump at the same time. While that can be a costly repair package, preventative maintenance will save you thousands over time.

### Hyundai Santa Fe Timing Belt Replacement Costs
