Quality Management in Automotive Industry - VDA

VDA 6.1 is a German quality management system standard. It was initiated by the automobile industry. The first VDA standard was for the exchange of surface models, and was named "VDA-FS". It has been superseded along the way, by a subset of the "Initial Graphics Exchange Specification" (); referred to, simply, as "VDA". Aside from this exchange standard, VDA also developed "VDA-PS", a library
