Companies often launch new products in response to a competitor's successful idea. But such products fail if they cannot measure up to the competition or capture consumers' attention. Microsoft's...

Why Inventions Fail to Sell: And How to Go from Ideas to ...

That fact is that most inventions fail. Even the best ones have odds below 50/50. We succeeded through the years because we learned how to fail as inexpensively as possible until a success came along, and then we exploit that success to the stars. It is a great way to prosper in the invention business, quite possibly the only way.
